Odd Sox Story

Mr Monkey Sox has Multiple Sclerosis (MS).
MS has damaged his nerves, so messages get 'crossed'.

His body acts and feels different from left to right, a bit like **wearing Odd Sox**.

Mr Monkey Sox C.I.C is **not for profit** + together with your help **supports amazing Multiple Sclerosis (MS) charities** across the UK.

Please [use this link](#) to tell more **friends, family, your pub landlord and local barista!**
